Thank you for your recent purchase of an Insignia Sauna. Please read this booklet with great care to ensure you get the best out of your build and have a Sauna that will last for many years to come! Like everything, in order to obtain a first class product that will serve you well for many years, the effort and correctness put into the assembly will reflect in the quality of your finish.

Electrical Requirements Model MX1515

Voltage Rating 220-240AC

Frequency Rating 50Hz

Power Rating 2700 Watts

Total Amperage 11.3 Amps

Indoor saunas with power consumption under 3KW have been designed for easy installation, allowing for a simple plug-in directly into a standard household power circuit.

Installation Notes:

1. (Recommended) Consult with a qualified Electrician before connection to assess suitability.
2. Ensure all parts are connected safely and correctly.

Always use protection against electrical surges by means of an RCD unit.

If you are uncertain about the installation process or have any questions, please feel free to reach out to our friendly technical support for general advice. For anything more specific to the electric installation, please consult with a certified electrician.

Tools Required

- Scissors
- Knife
- Spirit Level
- Tape Measure
- Philips Screwdriver
- Electric Drill
- Safety Gloves
- Safety Glasses

What's in the Boxes?

Box Number	Contents	Quantity

Box 4	Glass Door and Glass	1	[]
Box 5	Left and Right Back Board	1	[]
Box 6	Spare Part	1	[]

VERY IMPORTANT

Have you got everything? If not please contact the Insignia directly on **01908 317 512**. Remember **NEVER** book your tradesman until everything has arrived, been checked and is present. No replacement/missing parts can be obtained free of charge during or after the build. Any claims can only be within the timescale permitted (48 hours after delivery) and always **BEFORE** build.

Step 1 — Placing the two back panels into position

Slide centre post to the left and right backwall panels using the protruding screws and slot brackets as shown to the right.

Step 2 — Placing the left side glass into position

Part 1: Slide the glass out of it's frame and carefully place to one side.

Part 2: Slot the left frame onto the left backwall.

Step 3 — Placing the left side glass into position continued

Part 3: Slide the glass back into the frame.

Step 4 — Placing the right side glass into position. Repeat Step 2

Step 5 — Installing the door

Part 1: Screw in the metal rods into the door's corner posts.

Part 2: When the door is placed into position between the left and right glass frames, the spacer and nut will secure the metal rod. The spacer and nut is screwed inside the left and right glass frames as shown below. Use the pre-made hole to reach the metal rod.

Step 6 — Installing the bench

Please Note: Images showing build without side glass to show bench installation.

Part 1: Place the back bench panel and frame in position and screw securely with the pre-drilled holes.

Part 2: Repeat the process with the bottom back bench panel and frame.

Step 7 — Installing the back rest and bench side panel

Part 1: Screw the backrest onto the right side backwall using the screws.

Part 2: Position the side panel for the bench into position and screw securely.

Step 8 — Installing the bench tops and

Slide and slot the bench tops into position.

Repeat this process with the floor insert

Step 9 — Installing the interior light

Install the interior light before installing the roof for an easier process of installation for this part. Screw into place.

Step 10 — Roof Installation

Part 1: Place the 2 parts of the roof onto a flat surface and screw together.

Part 2: Carefully lift on top of the sauna and position before screwing into place.

Step 11 — Door Handle

Unscrew the handle, place over the door and reconnect.

Step 12 — Connecting the power

Part 1: Connect the control panel to the lights and speakers, located in the roof.

Part 2: Take the thermostatic probe and place through the thermostatic probe holder, also located in the roof.

Control Panel Instructions

Button 1 (Lights)

Turn the 12V light on or off.

Button 2 (Return)

Press to return to the menu after a change is made.

Button 3 (Mode button/Scroll)

Press and hold for 3 seconds to power the panel on or off.

Press to change the control panel function, then scroll left or right to change settings. The panel automatically locks after 1 minute of inactivity. Press this button to unlock the panel.

<p style="text-align: center;">Coloured Lights</p>  <p>To operate the lights, press (Button 3) until you see the interface (left). Once here press (Button 3) and scroll through the light options.</p>	<p style="text-align: center;">FM Radio</p>  <p>To operate the FM Radio, Scroll (Button 3) until you see the interface (left). 107.7Mhz 8:35

Timing

12:38
min

For time: Scroll (Button 3) until you see the interface (left). Once here, press (Button 3) to enter the time mode. Scroll until desired duration is set and simply press (Button 3) to confirm.

Sauna Usage & Safety Guide

1. Never leave children unattended in the Sauna.
2. Regulate (if preferred) the temperature of sauna before session - Pre-heat time 15-30 minutes (from room temperature 20c)
3. Never touch the heater panels whilst in operation, possible burning may occur.
4. Recommended time of use is a maximum of 15 mins initially. We highly recommend working up in time to this, beginning with 5 minute sessions to get your body used to using a sauna.
5. Suggested operational heat range: Infrared—30° C-40° C. Infrared optimum use range 35°C to 40°C
6. Stay hydrated during each sauna session.
7. Exit the sauna immediately if feeling dizzy, faint or short of breath.
8. Do NOT use the sauna function if you're pregnant, have a heart condition, have low or high blood pressure. If you're unsure consult your GP before use.
9. If you have any underlying health conditions which you feel could be aggravated by an increase in temperature, consult your GP before use.
10. If you begin to have any issues with your health after using a sauna, stop immediately and consult your GP regarding your symptoms before continuing to use.
11. Consult your GP before using the steam room if you're on medication at all, especially with drowsy side effects.
12. Never use the sauna if you have been drinking alcohol or under the influence of other substances.
13. Do not put combustible material on the heaters at any time.
14. Always turn power supply off after use.

WEEE Compliance Statement

The UK Waste Electrical and Electronic Equipment (WEEE) regulations came into force on 2 January 2007. Under this new legislation, producers of electrical and electronic equipment (EEE) have to fulfil certain obligations.

Under the WEEE directive Insignia is considered the producer of certain products we supply and in line with the demands of the legislation we are pleased to offer the opportunity to return these products to us for treatment and recycling.

Insignia products will generally have an identifying mark and the common crossed out wheelie bin label. We accept returns of all products carrying the Insignia brand. All other products are either considered outside the scope of WEEE or Insignia is not technically the producer of these products. Insignia also accepts historic like-for-like WEEE returns. All WEEE returned to Insignia will be recycled in appropriate treatment and recycling centres in accordance with the legislation. If you wish to return any products to us, please send your item(s) to our head office.

Company Contract No. 326457

WEEE Producer No. CBDU64227

LABELLING

Products labelled with the WEEE symbol (a crossed out “waste bin”) indicate that the final user should not discard this product along with other household waste, but that it must be collected and treated separately.
